

**2017
Oyster 625
£1,600,000 VAT EU TAX paid**

2017 OYSTER 625 - Single Volvo Penta D4 180HP with Shalftdrive.

A rare opportunity to acquire this stunning 62' sailing yacht which has been very well maintained and serviced by the owner who has been in possession since it was new. The yacht has sailed the Atlantic, the Pacific, the Mediterranean and the Ionian Sea where she is currently located and out of the water ready for the winter. Fully equipped as you would expect for a yacht of this quality. Below deck she boats 3 guest cabins with 2 bathrooms and a 2 berth crew cabin. The saloon is very well naturally lit space for dining, socialising with guests and plotting your route with a large folding saloon table with seating and navigation station. There is also further seating to port side. The galley has all the equipment you need for a long trip with a counter weight oven and hob full size fridge.

Above deck there is a wonderful central cockpit table that folds out for dining surrounded by u shaped seating either side. The twin helm positions both have seating and compass with various navigation and depth equipment. There are seats aft of the helm which make a great place to watch on as you make progress or sit at anchor. The folding canopy can cover the cockpit and helm positions for full enclosure or convert to a spray hood, ideal for shelter from the sun or rain.

With an asking price of £1,600,000, this yacht is EU VAT PAID whereas most Oysters of this size are EX Tax and therefore have extra taxes or movements that are required. Free berthing in Lefkada until May 2026 if required.

This boat is truly special and needs to be seen to be fully appreciated. If you are interested in such a craft then please contact Boats.co.uk for further details.

Specification

Stock number:	EB5380
Manufacturer:	Oyster
Model:	625
